Possess a strong foundation in Python programming, a solid understanding of Django framework principles, and a keen interest in building dynamic and user-friendly web applications. Ready to contribute to a team environment and rapidly learn new technologies.

WORK EXPERIENCE

FRESHER

PROJECT

DIGITAL SOCIETY

Running

A Digital Society is a society that uses digital technologies to communicate, collaborate, create and share information.

E-COMMERCE

Running

This project deals with developing a Virtual website 'E-commerce Website'. It provides the user with a list of the various products available for purchase in the store. For the convenience of online shopping, a shopping cart is provided to the user. After the selection of the goods, it is sent for the order confirmation process. The system is implemented using Python's web framework Django. To build a Django e-commerce web application, it is necessary to study and understand many technologies.
